The apparatus is easily governed and not still object out of order is gift and other or intention of the origin a constitution of the origin and other order in the origin and other order indicated the course respectively. The Mility De were la on its trivels of livil by many the outburs and managers in New York (17 is not Union Half farmerly Riss O to House and its abottons in Rat and other States, which a largeday Petriday and Setting view to see the stew to such at the find vigorous at in as put in setting the performance of the above

need to occupancy in the winter of 1865) by the future. The Republican party can fortunately the famous (\*) and by some well remembered all pease with the electoral vote of New York, Doyle & France theatre concern. The adver and supposing the Grants or Seymour's elecsement of Humpty Dumpty and press notices to a de, or fed up or that vote the controversy onceroing it will be found in our columns this over there same frauds, and there withsting effect might pre-critate another rebellion

The other of jects proposed by the Committee by their investigation, commend beinselves to our hearty sympathy | Fuere is sittle doubt that Hoffman owes his election as Governor to fraud ulent certificates lead d with the consistance of Democratic dudges, to frauduleut registrations, to the violation of the law in the appointment of inspectors of elections, to the implication of in spectors and canvassers in the fraudulent con spiracy, and to the interruption of citizens in facts embraced in this document, will attract the anxious attention of the whole country, and we whether any one conclusive testimony, to be not whether any one conclusive testimony, to be not mous lammany Ring, from which they would never recover. Lastly, the Committee propose

tance, as follows

" Po secure from the State Legislature, if possible, and if not, from Congress, such legislation as they be necessary to protect the purity of the franchise, and to facilitate the convenience of the stempting to debase it.

"To submit to Congress such proofs of the "To submit to Congress and proofs of the irregular and fraudulent manner in which, under the existing laws, certificates of citizenship have been manufactured by wholesale and ecattered broadcast, as to justify that body in recombidering the entire subject of naturalization, and in declaring the invalid y of all the pretended certificates which in the pendin cauvass have been issued in defiance of the act of Congress."

The Committee mean "business" as will be seen

The Committee mean "business" as will be seen by their final appouncement.

The convery will watch for the result of these investigations with an interest measured by the enormity of the evil complained of And the country will look to Congress to provide, if you a ble, a legislative remedy for this grevance in a thorough a vis on and amendment of the laws

The production of our of the wells recently struck cothe Hesa Farm, Cherrytree Run tus for react and is now between thirty and forty barrels fit day

Pwo wells stely struck on the Smith Farm

The natural results of putting down wells R is concern late other parts of this district where t ro is n t mn than one well to the is high a. When I as one producing well lead lowed on every two acre less, the wells are still more profiak Sofu as ork towards oil fear ing east tock tradicitying the whole of the dis rick to thin and night after extension it ought to be allowed for each wellethan in districts where the sort to keetherkee or be the wells will be exhaust for eshort thin and probably, pay but the more than the control drilling them. in the de retirend the largest even know in their is every reason to believe that t while to still farther extended. If managed as it should be it will produce oil largely for acy tral to te, but il w lis a u down on every icre or hall aire the rost scar be no other than

NEWSPAPLKAACHIVE®.

Harmon the impalient years,

O Time I and yoke them to the imperial car

For, though a mist of tears,

The b i, hier d 3 appears,

Whese car y blocked tings the bills afar.

A brighter day for thee, that whose glorious de ca are spread between The dask blue widt nd sea The dark blue wid! nd res And that lumensity and makes which once halfed ther queen

The flery coursess fing.
Their necks aloft, and and the morning wind,
I I the flect more not bring.
The expected sign of spring.
Along their path, and have their glooms behind

Yoke them, and yield the rome
To Fpain, and lead her to a lofty seat.
But, ore she mount, the chains
Whose cute rength cone rains
Her Ilmba must fall in fregments at her fet

A tyrant brood bave would

About her helpless items all the steely brad,
And tow rd a guif pro unne
They drag her, gaged and bourd,
Down among deal such about, and frost and shade

() Spain! thou went of yore
The weater of the resime, in prouder years
Thy haughty forchest wore,
What It sha I war no more,
The diadem of bo it the hemo-phores.

To the ancient Deep Revealed his pleasant, undiscovered lands, From mines where gowele sleep. This plain and once, and step, Earth's richest spoil was offered to the hards

Yet thou, when land and sea thee their tribu's with each rolling wave, and singious cross had to thee, And sing form or on had to thee, West false to Liberts. And therefore are then now ash ck ed since

Will thou not, yet again
I'ut for hithe steeping sire gith that in thee lies
And was the stamethic thain,
And force that tyrant thain
To flee before the anger in this e syes?

Then shall the harmened ye ra Ewonp demand with thee to that glorious height which even now appears Bright through the most of trars The dwelling place of Liberty and Light
